

Expert Security Control Assessor-Validator (SCA-V) and Cybersecurity Engineering services to comply with the NIST Risk Management Framework (RMF), NIST SP800-171, DFARS, the Federal Information Security Management Act (FISMA) and other requirements.

CYBERSECURITY ENGINEERING

- Engineers and certified assessors to train staff and guide them through new RMF Assessment and Authorization (A&A) processes.
- Expert consultation on system design, configuration and documentation requirements to meet RMF ATO and other cybersecurity standards.
- Best practices to validate that NIST SP 800-53 controls are implemented effectively.

SECURITY CONTROL ASSESSMENT - VALIDATION (SCA-V)

- Certified assessors to scan, test and validate systems, networks and applications of every type for obtaining an Authority to Operate under NIST RMF and FISMA guidelines.
- Includes extensive Assessment and Authorization (A&A) support to validate that all system components are secured in accordance with CNSS requirements.

WHO PERFORMS THE WORK?

- Highly-experienced and security-cleared assessors and cybersecurity engineers
- Certified personnel (NQV I through III, CISSP, C|EH, CASP, CISSP-ISSEP/ISSAP, etc.)

WHO CAN USE US AND WHY DO YOU NEED US?

- Any DoD customer or contractor that has systems or applications with expiring ATOs
- Any DoD customer or contractor looking to authorize a system or application for the first time
- We provide high-quality support and custom automated tools to help simplify ATOs

DOING BUSINESS WITH NETIZEN

CONTRACT VEHICLES

Netizen is a PRIME Contractor on the Following Vehicles:

- Navy Seaport-e (all 7 geographic zones) & Seaport NextGen
- GSA Schedule 70 (Contract No. GS35F578GA) Special Identification Numbers
 - 132-51: IT Professional Services
 - 132-56: Health IT
 - 132-45: Highly Adaptive Cybersecurity Services (HACS)

• **OTA Member:** Consortium for Command, Control, and Communications in Cyberspace (C5), System of Systems Consortium (SOSSEC), Information Warfare Research Project (IWRP)

SIMPLIFIED ACQUISITION

Netizen is a VA CVE Verified SDVOSB Eligible For:

- Sole Source Direct Award per FAR 19.1406
- SDVOSB Set-Aside per FAR 19.1405

NAICS CODES
